(Louisville, KY) The temperature is not the only thing hot this summer. The jazz community is embracing the smooth sound of saxophonist Marcus Click and the debut of his new compact disc (CD) entitled *Movin'*. Marcus' CD consists of a variation of jazz suitable for all backgrounds and all ages.

Are you asking yourself what sets Marcus apart from other artists? Well, on his latest CD you will experience an eclectic mix of original contemporary jazz compositions with a message. *Movin'* displays a blend of urban hip hop jazz style, upbeat hypnotic tunes to intimate smooth sounds of Marcus' saxophone with creativity able to set the mood for any occasion.

Marcus performed this summer in his hometown of Louisville, Kentucky at Six Flags Kentucky Kingdom. The organizer of the event was excited about Marcus' performance and they hoped to have him perform again. "Marcus Click's performance at the 2005 Thirsty Melon Music Festival was one of the highlights of the event. His superb music and professional delivery are top notch." "We would love to have Marcus ...for 2006." Lesa Seibert, Co-CEO/Executive Producer of Thirsty Melon Music Tour, LLC.

Marcus also performed at the Convoy of Hope, a major Superbowl XXXIX charity event, sponsored by the National Football League (NFL) in Jacksonville, Florida. The doors of opportunity continue to open wide for this accomplished artist. This year, he also had the opportunity to open for R&B Vocalist/Producer, Miles Jaye, who also has 7 Hit Songs to his credit. Most recently in July, Marcus performed and recorded "Live" before an audience in concert with the New Covenant Ministries Gospel Choir, located in Jacksonville, Florida.
